

Care Corner

7/10 women say they always have their phone prepared when walking alone. This doesn't mean they are always fast enough to call emergency services or a relative. The Panic Button feature allows the user to send their location to user-selected contacts to get immediate help.

PANIC BUTTON

Only 1/5 of rapes and attempted rapes are reported. Reasoning for little reporting can be anywhere from confusion on how to report, believed lack of evidence, and/or afraid of judgement. This feature teaches the user how to report and the different types of reporting.

EDUCATED REPORTING

The Fake Phone Call feature allows the user to receive a pre-recorded phone call and talk to someone to get out of situations safely.

FAKE PHONE CALL

A common saying that survivors mention afterwards is that they "didn't know anyone would get involved or care". The resources feature immediately connects survivors to hotlines, websites, and other useful resources.

RESOURCES

Moms tell helpful tips to their kids about how to stay safe when in certain situations. The Mombot feature does exactly that by analyzing what you say to give you helpful tips/reminders when going out.
